RESOLUTION NO. 205 - 2019

A PUBLIC HEARING TO CONSIDER THE APPLICATION OF REMICA PROPERTY GROUP FOR A SPECIAL USE PERMIT FOR THE PREMISES LOCATED AT 570 PORT WASHINGTON BOULEVARD, PORT WASHINGTON AND DESIGNATED ON THE NASSAU COUNTY LAND AND TAX MAP AS SECTION 5, BLOCK J, LOTS 1018 AND 1030.

WHEREAS, Remica Property Group (the "Applicant") is seeking the alteration of an existing gasoline service station including the replacement of tank top equipment, vent piping, dispenser islands and associated paving on a 15,464 s.f. (0.355 acre) parcel located at 570 Port Washington Boulevard, Port Washington, New York and identified on the Nassau County Land and Tax Map as Section 5, Block J, Lots 1018 and 1030 (the "Application"); and

WHEREAS, it has been determined that the Application requires a special permit approved by the Board of the Town of North Hempstead (the "Town") pursuant to Town Code §§70-203(P) and 70-225 (the "Special Use Permit"); and

WHEREAS, all necessary reports, recommendations, and comments on the Project have been filed with this Board by the Commissioner of Building Safety, Inspection and Enforcement (the "Building Commissioner") of the Town pursuant to Town Code §29A-5(B); and

WHEREAS, the Town Clerk, pursuant to and in accordance with Town Code, has published notice of a public hearing scheduled for April 30, 2019 (the "Public Hearing"), as authorized and directed by the Town Board pursuant to a duly adopted Resolution, to consider the Application; and

WHEREAS, the Applicant, in the manner required by Town Code § 70-240(C), has furnished proof of service of notice of the Public Hearing to the affected property owners within a 300-foot radius of the Premises, and filed an affidavit as to the mailing of such notices as required thereunder; and

WHEREAS, by letter dated February 22, 2019, the Nassau County Planning Commission (the "NCPC") indicated that it has reviewed the Application and recommended local determination; and

WHEREAS, the Department of Planning and Environmental Protection (the "Planning Department") has reviewed the Application and recommends its approval subject to the following conditions: (1) the parking spaces be restriped so that they are clearly marked; (2)(a) coniferous materials six (6) feet in height on seven (7) foot centers be provided within the planting area long the

west property line; (b) existing landscaping in the area provided along Beechwood Avenue be maintained; and (3) landscaping at the corner of Beechwood and Port Washington Blvd, must be clean and maintained (the “Commissioner’s Conditions”); and

WHEREAS, it is required that a “lead agency” be established to review the Action pursuant to the rules and regulations for implementation of the New York State Environmental Quality Review Act as set forth in Title 6, Part 617.6 (b) of the Official Compilation of Codes, Rules, and Regulations of the State of New York (“SEQRA Regulations”); and

WHEREAS, this Board, through action of the Planning Department pursuant to Town Code §20-4, has established itself as lead agency and wishes to render a determination of significance pursuant to the SEQRA regulations; and

WHEREAS, the Board has reviewed the determination of the Planning Department, dated February 13, 2019, and the Negative Declaration indicating that the Action constitutes an “Unlisted Action” pursuant to Section 617.2(ak) of the SEQRA Regulations which will not result in any significant adverse impacts on the environment based upon the analysis set forth in the Short Environmental Assessment Form (the “SEAF”) (the “Determinations and Negative Declaration”) for the reasons stated in the SEAF and based on the fact that the new dispenser islands will not cause significant increases in water or energy consumption, the generation of solid waste or sewage or site-generated traffic; and

WHEREAS, the Board wishes to conclude that the action constitutes a “Unlisted Action” pursuant to Section 617.2(ak) of the SEQRA Regulations and that it will not result in any significant adverse impacts on the environment; and

WHEREAS, this Board has carefully considered the Application, testimony and other relevant evidence at the Public Hearing held on April 30, 2019, and afforded all interested persons the opportunity to be heard; and

WHEREAS, this Board now wishes to render a decision on this Application.

NOW, THEREFORE, BE IT

RESOLVED that the Town Board declares itself “lead agency” under the SEQRA Regulations for the Action; and be it further

RESOLVED that this Board hereby adopts the Planning Department’s Determinations and Negative Declaration, finding that the Action is a “Unlisted Action” which will not result in any significant adverse impact on the environment, based upon the analysis set forth in the SEAF and this resolution; and be it further

RESOLVED that this Board hereby authorizes the Planning Department to prepare, file and distribute such documents as may be required pursuant to Section 617.2 of the SEQRA Regulations to effectuate the foregoing determinations and findings made pursuant to the SEQRA Regulations; and be it further

RESOLVED that, pursuant to Town Code §§70-203(P) and 70-225, the Application is hereby granted and the Permit is hereby approved subject to the Commissioner’s Conditions; and be it further

RESOLVED that a copy of this resolution shall be filed with the Town Clerk and the Building Commissioner, pursuant to Town Code §§70-203(P) and 70-225, is hereby authorized and directed to issue a building permit: (1) upon compliance with the application requirements as set forth in the Town Code; and (2) upon any other conditions or requirements imposed by any other governmental entity having jurisdiction over the Premises, except as herein above set forth, and to take such other action as may be necessary to effectuate the foregoing.

PROPOSED RESOLUTION

****** offered the following resolution and moved its adoption, which resolution was declared adopted after a poll of the members of this Board:**

RESOLUTION NO. - 2019

A PUBLIC HEARING TO CONSIDER THE ADOPTION OF A LOCAL LAW AMENDING CHAPTER 14 OF THE TOWN CODE ENTITLED "DOGS."

WHEREAS, the Town Board, as the legislative body of the Town of North Hempstead, is empowered to enact local laws pursuant to the provisions of Article 9 of the New York State Constitution, the Town Law, and the Municipal Home Rule Law; and

WHEREAS, a proposed Local Law has been prepared, pursuant to enabling legislation, to amend Chapter 14 of the Town Code entitled "Dogs" in order to establish new regulations and amend existing regulations addressing the outside tethering of dogs; and

WHEREAS, the proposed Local Law, in final form, has been on the desks or tables of all the members of the Town Board for seven calendar days, exclusive of Sunday; and

WHEREAS, due notice has been heretofore given of a public hearing to be held on the 30th day of April, 2019, concerning the adoption of the proposed Local Law, which Local Law was available for viewing by the public on the Town's website and during regular business hours in the Office of the Town Clerk; and

WHEREAS, the Town Board has carefully considered the proposed Local Law during the seven-day period, conducted a public hearing on April 30, 2019, with respect to the Local Law, and has afforded all interested persons an opportunity to be heard at the public hearing; and

WHEREAS, this Board deems it in the public interest to adopt the proposed Local Law, to be effective immediately upon filing with the Secretary of State of the State of New York (the "Secretary of State").

NOW, THEREFORE, BE IT

RESOLVED that Local Law No. of 2019 be and it hereby is adopted, which Local Law reads as follows:

**TOWN OF NORTH HEMPSTEAD
LOCAL LAW NO. OF 2019**

A LOCAL LAW AMENDING CHAPTER 14 OF THE TOWN CODE

ENTITLED "DOGS"

BE IT ENACTED by the Town Board of the Town of North Hempstead as follows:

Section 1. Legislative Intent.

The Board finds that it is in the best interest of the Town of North Hempstead to make amendments to Chapter 14 entitled "Dogs" in order to establish new regulations and amend existing regulations addressing the outside tethering of dogs.

Section 2.

Section 14-9 of Chapter 14 of the Town Code is hereby amended as follows:

§ 14-9. Dogs to be restrained.

A. It shall be unlawful for a dog to be on public property or on private property without the consent of the owner or person in possession of such private property unless the dog is effectively restrained in the immediate custody and control of its owner or possessor by a chain or leash not exceeding six (6) feet in length. A person owning or possessing a dog which is not so restrained, with or without the knowledge, consent or fault of such person, shall be guilty of a violation of this chapter. It shall be presumed that the presence of a dog on private property of a person other than the dog's owner or possessor is without the consent of the owner or person in possession of such private property.

B. **It shall be unlawful for any person to tether, leash, fasten, secure, restrain, chain or tie a dog to any stationary object outdoors or cause such dog to be restrained in a manner that:**

1. Restricts such dog's access to suitable food, fresh, potable water and dry ground;

2. Does not provide such dog with shelter appropriate to its breed, physical condition, and the climate as defined by § 353-b of the New York State Agriculture and Markets Law; or

3. Unreasonably limits the movement of such dog because the restraint is too short for the dog to move around or for the dog to urinate or defecate in a area separate from the area where the dog must eat, drink or lie down.

C. Notwithstanding the provisions of Subsection B of this section, no person shall tether, leash, fasten, secure, restrain, chain or tie a dog to any object with a device that:

1. Is a choke collar, pinch collar, prong collar or a similar collar that restrains the dog in such a manner that it impairs the flow of oxygen or blood to the dog and which may cause choking or causes substantial discomfort to the dog;

2. Is embedded, partially embedded or may become embedded in the dog's skin;

3. Has weights attached or contains links that are more than 1/4 inch thick;

4. Weighs more than 12.5% of the dog's total body weight, not to exceed 15 pounds for any dog;

5. Is less than 15 feet in length, except that the device may be in a shorter length if the length of 15 may allow activity prohibited by Section 14-9(C)(7) below;

6. Because of its design or placement is likely to become entangled;
7. Is long enough to allow such dog to move outside of its owner's property;
8. Would allow the restrained dog to move over an object, including any fencing, barrier, or edge that could result in the strangulation of or injury to such dog; or
9. Is fixed (i.e., does not swivel) on either end.

D. No person shall tether, leash, fasten, secure, restrain, chain or tie a dog to any stationary object outdoors for more than one continuous hour in any continuous twelve-hour period between the hours of 6:00 a.m. and 11:00 p.m.

E. No person shall tether, leash, fasten, secure, restrain, chain or tie a dog to any stationary object outdoors between the hours of 11:00 p.m. and 6:00 a.m.

F. Multiple dogs shall not be tethered or restrained in such a manner that they are able to come into contact with one another at any point in time while restrained.

G. No person shall tether, leash, fasten, secure, restrain, chain, tie, pen or otherwise confine outdoors a dog when:

1. The temperature is below 32° F.;
2. The temperature is above 90° F.;
3. The National Weather Service has issued a heat or wind chill advisory, watch or warning; or
4. Conditions are not appropriate due to the breed, physical condition and climate, as established pursuant to New York State Agricultural and Markets Law § 353-b.

H. The provisions of this section shall not apply to any federal, state or local law enforcement agency.

Section 3.

If any clause, sentence, paragraph, subdivision, or part of this Local Law or the application thereof to any person or circumstance shall be adjudged by any court of competent jurisdiction to be invalid or unconstitutional, such order or judgment shall not affect, impair, or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, subdivision, or part of this article or in its application to the person or circumstance directly involved in the controversy in which such judgment or order shall be rendered.

Section 4.

This Local Law shall take effect immediately upon filing with the Secretary of State.

RESOLVED that the Town Clerk be and hereby is authorized and directed, in the manner required by law, to file a copy of the Local Law with the Secretary of State, and to publish a notice of adoption of the Local Law, which notice shall be in substantially the following form:

NOTICE OF ADOPTION

PROPOSED RESOLUTION

****** offered the following resolution and moved its adoption, which resolution was declared adopted after a poll of the members of this Board:**

RESOLUTION NO. - 2019

A PUBLIC HEARING TO CONSIDER THE ADOPTION OF A LOCAL LAW AMENDING CHAPTER 2 OF THE TOWN CODE ENTITLED "ADMINISTRATION AND ENFORCEMENT."

WHEREAS, the Town Board, as the legislative body of the Town of North Hempstead, is empowered to amend the Town Code pursuant to the provisions of Article 9 of the New York State Constitution, the Town Law, and the Municipal Home Rule Law; and

WHEREAS, a proposed Local Law has been prepared, pursuant to enabling legislation, to amend the Town Code by the adoption of a Local Law amending Chapter 2 of the Town Code entitled "Administration and Enforcement" in order to establish a penalty for violation of a stop work order issued by the Department of Building Safety, Inspection and Enforcement; and

WHEREAS, the proposed Local Law, in final form, has been on the desks or tables of all the members of the Town Board for seven calendar days, exclusive of Sunday; and

WHEREAS, due notice has been heretofore given of a public hearing to be held on the 30th day of April 2019, concerning the adoption of the proposed Local Law, which Local Law was available for viewing by the public on the Town's website and during regular business hours in the Office of the Town Clerk; and

WHEREAS, the Town Board carefully considered the proposed Local Law during the aforesaid seven-day period, conducted said hearing on April 30, 2019, with respect to said Local Law, and has afforded all interested persons an opportunity to be heard at the public hearing; and

WHEREAS, this Board deems it in the public interest to adopt said proposed Local Law, to be effective immediately upon filing with the Secretary of State of the State of New York (the "Secretary of State").

NOW, THEREFORE, BE IT

RESOLVED that Local Law No. ___ of 2019 be and it hereby is adopted, which Local Law reads as follows:

**TOWN OF NORTH HEMPSTEAD
LOCAL LAW NO. ___ OF 2019**

**A LOCAL LAW AMENDING CHAPTER 2 OF THE TOWN CODE
ENTITLED “ADMINISTRATION AND ENFORCEMENT”**

BE IT ENACTED by the Town Board of the Town of North Hempstead as follows:

Section 1. Legislative Intent

The Board finds that individual contractors, corporations, and homeowners often times ignore stop work orders issued by the Town’s Department of Building Safety, Inspections and Enforcement. The Board finds it imperative to implement a penalty for violating a stop work order. Therefore, the Board finds it is in the best interest of the residents of the Town of North Hempstead to make amendments to Chapter 2 of the Town Code entitled “Administration and Enforcement” in order to add a penalty for violating a stop work order.

Section 2.

Section 2-15 of Chapter 2 of the Town Code is hereby amended as follows:

§ 2-15 Stop orders.

[Amended 4-2-2002 by L.L. No. 4-2002]

A. Whenever the Building Commissioner has reasonable grounds to believe that work on or in any building or structure is being [~~prosecuted~~] **performed** in violation of the provisions of the applicable building laws, ordinances or regulations, or not in conformity with the provisions of an application, plans or specifications on the basis of which a building permit was issued, or in an unsafe and dangerous manner, he shall notify the owner of the property, the owner's agent or the person performing the work to suspend all building activities until the stop order has been rescinded. Such order and notice shall be in writing, shall state the conditions under which the work may be resumed and may be served upon a person whom it is directed either by delivering it personally to him, or by posting the same upon a conspicuous portion of the building under construction and sending a copy of same by registered or certified mail.

B. Penalties for offenses.

(1) Any person, association, firm, or corporation which violates this section or assists in the violation of this section shall be guilty of a violation, punishable:

(a) By a fine of not less than \$1,000 and not exceeding \$5,000 or by imprisonment for a period not to exceed 15 days, or both, for conviction of a first offense.

(b) By a fine of not less than \$5,000 nor more than \$10,000 or by imprisonment for a period not to exceed 15 days, or both, for conviction of the second offense.

(c) By a fine of not less than \$10,000 nor more than \$20,000 or by imprisonment for a period not to exceed 15 days, or both, for conviction of the third or subsequent offense of a series of offenses, all of which were committed within a period of five years.

Section 3.

If any clause, sentence, paragraph, subdivision, or part of this Local Law or the application thereof to any person or circumstance shall be adjudged by any court of competent jurisdiction to be invalid or unconstitutional, such order or judgment shall not affect, impair, or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, subdivision, or part of this article or in its application to the person or circumstance directly involved in the controversy in which such judgment or order shall be rendered.

Section 4.

This Local Law shall take effect immediately upon filing with the Secretary of State.

and; be it further

RESOLVED that the Town Clerk be and hereby is authorized and directed, in the manner required by law, to file a copy of said Local Law with the Secretary of State, and to publish a notice of adoption of said Local Law, which notice shall be in substantially the following form:

NOTICE OF ADOPTION

PROPOSED RESOLUTION

****** offered the following resolution and moved its adoption, which resolution was declared adopted after a poll of the members of this Board:**

RESOLUTION NO. - 2019

A PUBLIC HEARING TO CONSIDER THE APPLICATION OF NAPOLEON PRIME PROPERTIES LLC FOR A CHANGE OF ZONE FOR THE PREMISES LOCATED AT 154 MINEOLA AVENUE/25 LAMBERT STREET, ROSLYN HEIGHTS AND DESIGNATED ON THE NASSAU COUNTY LAND AND TAX MAP AS SECTION 7, BLOCK G, LOTS 221-228, 535 AND 941.

WHEREAS, Napoleon Prime Properties, LLC (“Napoleon”) has filed a petition (the “Petition”) to rezone (the “Change of Zone”) part of a 29,211 s.f. (0.67 acres) parcel located at 154 Mineola Avenue and 25 Lambert Street, Roslyn Heights, New York and identified on the Nassau County Land and Tax Map as Section 7, Block G, Lots 221-228, 535, 941 (the “Premises”) from ‘Business-B’ to ‘Residence-C’, in order to enable the construction of a 5,121 s.f. retail building with associated off-street parking and three single-family houses; and

WHEREAS, according to the Zoning Map of the Town of North Hempstead (the "Map"), the Premises are located within an area currently designated as a Business-B zoning district; and

WHEREAS, pursuant to a resolution duly adopted on March 19, 2019, the Town Board (the “Board”) of the Town of North Hempstead (the “Town”) authorized, pursuant to Town Code 70-238 (B)(2), the publication of notice of hearing and the holding of a public hearing to consider the proposed Change of Zone pursuant to the Petition; and

WHEREAS, proof of service of notice required by Town Code 70-238(B)(2) has been filed; and

WHEREAS, Napoleon has furnished proof of posting of a sign on the premises as required by Town Code 70-238(B)(3) and filed an affidavit as to the posting as required thereunder; and

WHEREAS, pursuant to General Municipal Law § 239-m, the Nassau County Planning Commission (the “Commission”) was furnished with copies of the site plan and the Short Environmental Assessment Form (the “SEAF”); and

WHEREAS, Pursuant to Resolution No. 10294-19, adopted March 7, 2019, the Commission recommended local determination; and

WHEREAS, after notice duly given, a public hearing on the Change of Zone was held on April 30, 2019, affording all interested persons an opportunity to be heard (the “Public Hearing”); and

WHEREAS, it is required that a “lead agency” be established to review this action pursuant to the rules and regulations for implementation of the New York State Environmental Quality Review Act as set forth in Section 617.6 of Title 6, Part 617 of the Official Compilation of Code, Rules and Regulations of the State of New York (the “SEQRA Regulations”); and

WHEREAS, the BZA has established itself as “lead agency” and has issued a Negative Declaration on April 11, 2018 determining that the Action constitutes an “unlisted” action pursuant to Section 617.2 (ak) of the SEQRA Regulations which will not result in any significant adverse impacts on the environment based upon the analysis set forth in the Short Environmental Assessment Form (the “SEAF”) Parts 1 and 2 (the “Determinations and Negative Declaration”) for the reasons stated in the SEAF; and

WHEREAS, the Board wishes to concur in the BZA’s determination that the Action constitutes an “unlisted action” and not an excluded or exempt action as defined in Section 617.2 (p) or (q) of the SEQRA regulations and not included in statewide or individual agency lists of Type I or Type II actions, and which will not result in any significant adverse impacts on the environment; and

WHEREAS, having carefully considered the petition, the testimony and other relevant evidence at the Public Hearing, and afforded all interested persons the opportunity to be heard, this Board now wishes to render a decision.

NOW, THEREFORE, BE IT,

RESOLVED that the Board recognizes that the BZA has designated itself “lead agency” under the SEQRA Regulations for the Action; and be it further

RESOLVED that the Board concurs in the BZA’s conclusion that the Action is an “unlisted action” which will not result in any significant adverse impact on the environment, based upon the analysis set forth in the SEAF, and upon the testimony and reports adduced at the Public Hearing; and be it further

RESOLVED that the Change of Zone is hereby adopted; and be it further

RESOLVED that the Town Clerk is hereby authorized to publish and post, as required pursuant to Chapter 70 of the Town Code, a notice substantially in the form set forth below:

NOTICE OF ADOPTION

PLEASE TAKE NOTICE that the Town Board of the Town of North Hempstead at a public meeting of the Board held on April 30, 2019 at 7:00 P.M. on that day, at the Town Hall, 220 Plandome Road, Manhasset, New York, duly adopted a resolution to amend the zoning map of the Town of North Hempstead to reflect a change of zone, from ‘Business-B’ to ‘Residence-C’, of a 29,211 s.f. (0.67 acres) parcel located at 154 Mineola Avenue and 25 Lambert Street, Roslyn Heights, New York and identified on the Nassau County Land and Tax Map as Section 7, Block G, Lots 221-228, 535, 941 (the “Premises”) from ‘Business-B’ to ‘Residence-C’, in order to enable the construction of a 5,121 s.f. retail building with associated off-street parking and three single-family houses.

Supervisor Bosworth offered the following resolution and moved its adoption, which resolution was declared adopted after a poll of the members of this Board:

RESOLUTION NO. 214 - 2019

RESOLUTION OF THE TOWN BOARD OF THE TOWN OF NORTH HEMPSTEAD, NEW YORK, ADOPTED ON APRIL 30, 2019, CALLING FOR A PUBLIC HEARING TO BE HELD ON MAY 21, 2019, FOR THE INCREASE AND IMPROVEMENT OF FACILITIES OF THE BELGRAVE WATER POLLUTION CONTROL DISTRICT, PURSUANT TO SECTION 202-b OF THE TOWN LAW.

Recitals

WHEREAS, on December 6, 2013, the New York State Department of Environmental Conservation (NYS DEC) issued a notice of violation to the Belgrave Water Pollution Control District (herein called the "District"), which required the replacement of the outfall pipe as promptly as possible to bring the District's wastewater treatment plant into compliance with applicable NYS DEC rules and regulations;

WHEREAS, on October 21, 2014, after a public hearing duly called and held, the Town Board of the Town of North Hempstead, New York (the "Town"), adopted: (i) a resolution (Resolution No. 669-2014) pursuant to Section 202-b of the Town Law, authorizing the increase and improvement of facilities of the District, consisting of: the replacement of the existing outfall pipe and installation of an effluent pumping station at the District's wastewater treatment plant (the "Project"), as further described in detail in the map, plan and report, dated March 2014 and amended on September 2014, prepared by D&B Engineers and Architects, P.C. (the "Engineer"), engineers duly licensed by the State of New York on behalf of the District; the total cost thereof was estimated to be \$11,640,000, and (ii) a bond resolution (Resolution No. 670-2014) appropriating not to exceed \$11,640,000 for such purpose and authorizing the issuance of bonds of a like principal amount to finance said appropriation;

WHEREAS, the District has received grant funds in the amount of \$1,521,750 to pay a portion of the cost of the Project;

WHEREAS, the District has received an zero interest loan as part of the New York State Environmental Facilities Corporation's Storm Mitigation Loan Program in the amount of \$4,565,250 to finance a portion of the cost of the Project;

WHEREAS, in 2015, following the results of certain soil tests, it was determined that a re-design of the Project was required and thereafter a new map, plan and report, dated October 2018

was prepared for the District by the Engineer setting forth the proposed changes and modifications to the design of the Project;

WHEREAS, on March 7, 2018, the NYS DEC issued a Notice of Violation pertaining to the District's SPDES Permit as a result of the conditions of the outfall pipe and the District and the NYS DEC are in the process of negotiating a Consent Order to resolve the violations, which will require the District to undertake the measures set forth in the District's petition;

WHEREAS, on April 16, 2019, the District submitted a petition to the Town requesting that the Town Board amend the proceedings undertaken by the Town in 2014, pursuant to Section 202-b of the Town Law, for the Project, to (i) increase the estimated cost of the Project to \$25,000,000 and (ii) authorize an increase in the amount of bonds authorized to finance the project from \$11,40,000 to \$23,478,250;

WHEREAS, following these amendatory proceedings, the total cost of the Project shall not exceed \$25,000,000 and the District shall apply \$1,521,750 in grant funds awarded to the District to offset said total cost and use to proceeds of bonds in the amount of not to exceed \$23,478,250 the pay the balance of the cost of the Project;

WHEREAS, the District continues to pursue grants and/or zero or low interest loans for the Project and any grant funds received from the United States of America, the State of New York or from any other source in connection with the Project will be applied towards the cost of said Project or redemption of the Town's bonds or notes issued therefor, or to be budgeted as an offset to the amounts to be collected for the payment of the principal of and interest on said bonds or notes;

WHEREAS, the Board of Commissioners of the District (the "District Board"), as Lead Agency, has heretofore given due consideration to the impact that the increase and improvement of the facilities of the District may have on the environment and has made certain findings and determinations regarding the environmental impacts of the Project, including those required by the New York State Environmental Quality Review Act ("SEQRA"), constituting Article 8 of the Environmental Conservation Law and the applicable documentation thereof has been filed in the office of the Town Clerk; and

WHEREAS, based upon the advice of the Engineer, the District Board has concluded that the changes and modifications to the original design of the Project will not impact the prior SEQRA determinations made by the District and in connection with its petition, the District Board reaffirmed its Negative Declaration as applicable to the Project, as redesigned.

Now therefore,

THE TOWN BOARD OF THE TOWN OF NORTH HEMPSTEAD, IN THE COUNTY OF NASSAU, NEW YORK, HEREBY RESOLVES (by the favorable vote of a majority of all the members of said Town Board) AS FOLLOWS:

Section 1. A meeting of the Town Board of the Town shall be held at the Town Hall, 220 Plandome Road, Manhasset, New York, on May 21, 2019, at 7:00 o'clock P.M. 1. INTRODUCTION

Every year employees are killed as a result of hazardous conditions in confined spaces. Approximately 60% of these fatalities are would-be rescuers who enter these spaces in an attempt to retrieve the fallen individual(s), only to be overcome and become victims themselves.

As part of routine maintenance activities many Town of North Hempstead employees and contractors/vendors are required to enter potentially hazardous confined spaces.

According to the U.S. Department of Labor, Occupational Safety and Health Administration's (OSHA) regulations, 29 CFR 1910.146, "Permit-Required Confined Spaces", a confined space is defined as any location that is large enough and so configured that an employee can bodily enter, has limited openings for entry and egress, and is not intended for continuous employee occupancy. Confined spaces may have atmospheric conditions and/or physical hazards present and include: manholes, stacks, pipes, storage tanks, trailers, tank cars, pits, sumps, see, storm water bas, vaults, hoppers, and bins that make them Permit-Required Confined Spaces. In addition, limited access to these locations complicates the retrieval of anyone that becomes incapacitated.

This program is written in accordance with the Occupational Safety and Health Administration's (OSHA) regulations, 29 CFR 1910.146, "Permit-Required Confined Spaces." And New York State Public Employee Health and Safety (PESH) 12-9 Entering Confined Spaces.

2. POLICY STATEMENT

It is the policy of the **Town of North Hempstead** to take every reasonable precaution to provide a work environment free from recognized hazards for its employees.

Entry into a confined space will be in conformance with all Federal, and New York State laws, rules and regulations, as well as the **Town of North Hempstead** Confined Space Entry Program and any other related accepted department policies like Hot Work Permit Systems, Lockout/Tagout and Respiratory Protection.

Whenever possible, work that can be performed without entering a confined space is considered the preferred method.

All confined spaces have been previously identified and properly classified as either a permit required or non-permit required. If a change in conditions occur within a non-permit-required confined space (e.g. flooding, reconfiguration, contamination) it automatically becomes a permit-required confined space and all required precautions must be taken.

A written permit system has been established for all entries into permit-required confined spaces. Completed permit forms will be completed prior to entry and maintained on file for use during the annual confined space entry program review process.

Prior to entry of a permit-required confined space, an entry team consisting of at least one properly trained entrant, attendant and entry supervisor shall be established. A qualified rescue team will also be on standby to assure a timely rescue can be performed if needed.

Atmospheric testing is required before entering any permit-required confined space. If a hazardous atmosphere is present, employees shall not enter the space until ventilation procedures have been carried out and additional testing reveals acceptable entry conditions as established in this program. Whenever possible, all atmospheric hazards will be completely eliminated before entry.

The Town of North Hempstead will provide all equipment required for safe entry in accordance with 29 CFR 1910.146 and will ensure that all involved employees are trained and use the equipment properly. All required equipment will be maintained in safe working order according to the manufacturer's requirements.

Effective communication procedures will be established between the entry team members and with the rescue service prior to and throughout the entry. The Town of North Hempstead will provide all communication devices and will maintain them in in safe working order in accordance with the manufacturer's requirements.

Training will be provided to any employee before they are assigned any duties related to permit-required confined space entry.

All contractors/vendors who will enter permit-required confined spaces within North Hempstead, Town work locations will submit for approval their written confined space entry program, employee training documentation, and written agreement with their designated rescue service along with their bid and will be required to adhere to the requirements of 29 CFR 1910.146 and any other related safety and health regulations.

A confined space rescue agreement has been established with **(rescue service name)** and their rescue abilities and response time have been evaluated by and meets the rescue needs of the Town of North Hempstead.

This program shall be evaluated annually as well as on an as needed basis if any incidents occur which indicate that deficiencies exist that place employees at risk of injury or death.

3. DEFINITIONS

Acceptable Entry Conditions: Conditions that must exist in a permit space to allow entry and to ensure that employees involved with a permit required confined space entry can safely enter, and work within the space.

Affected Employee: Any employee that performs any work related to confined space entry.

Attendant: An individual stationed outside one or more permit spaces who monitors the authorized entrant(s) and who performs all attendant duties assigned in our program.

Authorized Entrant: An individual who is trained and authorized (by our facility) to enter permit required spaces.

Blanking or Blinding: The absolute closure of a pipe, line or duct by the fastening of a solid plate (such as a spectacle blind or a skillet blind) that completely covers the bore and that is capable of withstanding the maximum pressure of the pipe, line or duct with no leakage beyond the plate.

Confined Space: A space that:

- Is large enough and so configured that an employee can bodily enter and perform assigned work; and
- Has limited or restricted means of entry or exit (for example, tanks, vessels, silos, storage bins, hoppers, vaults, sewers, storm water basins and pits and spaces that may have limited means of entry); and
- Is not designed for continuous human occupancy

Contractor/Vendor: A Non-Town of North Hempstead employee being paid to perform work in our facility.

Entry: The act by which a person intentionally passes through an opening into a permit-required confined space. Entry includes ensuing work activities in that space and is considered to have occurred as soon as any part of the entrant's body breaks the plane of the opening into the space.

Entry Permit: The document that is provided by the employer to allow and control entry into a permit-required confined space and that contains the safety precaution information specified in the confined space entry program.

Entry Supervisor: The person responsible for determining if acceptable entry conditions are present at a permit-required confined space where entry is planned, for authorizing entry and overseeing entry operations, and for terminating entry as required. The entry supervisor can also serve as an attendant or an entrant.

Hazardous Atmosphere: An atmosphere that may expose employees to the risk of death, incapacitation, impairment of abilities to self rescue (escape unaided from a permit space), injury, or illness from one or more of the following:

1. Flammable gas, vapor, or mist in excess of 10% of the Lower Flammable Level (LFL)
2. Airborne combustible dust at a concentration that meets or exceeds its LFL (can be approximated where the dust obscures vision at a distance of 5 feet or less or based on the manufacturer's data)
3. Atmospheric oxygen concentration below 19.5% or above 23.5%
4. Atmospheric concentration of any substance for which a permissible exposure limit (PEL) is published in Section 800.5, 29 CFR 1910.1000, or in the absence of a PEL a Threshold Limit Values (TLV) has been established by the American Conference of Governmental Industrial Hygienists or a Recommended Exposure Limit (REL) has been established by the National Institute of Occupational Safety and Health (NIOSH).
5. Any other atmospheric condition that is Immediately Dangerous to Life or Health (IDLH) as defined by NIOSH.

Isolation: The process by which a permit-required confined space is removed from service and completely isolated from the release of energy and material into the space by such means as blanking or blinding, mis-aligning or removing sections of lines, pipes, or ducts, lock out or tag out of all sources of energy or disconnection of mechanical linkages.

Non-Permit Confined Space: A confined space that does not contain or have the potential to contain any hazard capable of causing death or serious physical harm.

Permit-Required Confined Space: A confined space that has one or more of the following characteristics:

1. Contains or has the potential to contain a hazardous atmosphere;
2. Contains a material that has the potential for engulfing an entrant;
3. Has an internal configuration such that an entrant could be trapped or asphyxiated by inwardly converging walls or by a floor which slopes downward and tapers to a smaller cross section; or
4. Contains any other recognized serious safety or health hazard capable of causing death or serious physical harm

Rescue Service: The personnel or organization designated to rescue employees from confined spaces.

Retrieval System: Equipment used for non-entry rescue of persons from a confined space.

Testing: The process by which the atmospheric hazards that may confront entrants of a space are identified and evaluated. Testing includes specifying the chemical compounds that are present and must be measured prior to and throughout the permit-required confined space entry process.

4. PURPOSE

This Confined Space Entry Program defines the practices and procedures to protect Town of North Hempstead employees and contractors/vendors from hazards associated with permit-required confined space entry.

This program is written to meet or exceed the requirements of the Occupational Safety and Health Administration's (OSHA's) regulation, 29 CFR 1910.146, "Permit-Required Confined Spaces."

The provisions of this program require the Town of North Hempstead to provide the procedures, training and equipment to mitigate all recognized hazards and verify compliance through the use of a written permit form.

This Confined Space Entry Program is available to all employees and their representatives from the **safety coordinator** for review upon request.

5. SCOPE

This program pertain to all confined space locations required to be entered by any Town of North Hempstead employees, contractor/vendor or any other individuals who are visiting or have business with the Town of North Hempstead.

6. RESPONSIBILITIES

The Town of North Hempstead is responsible for developing and maintaining this Confined Space Entry Program. A master list of both permit and non-permit confined spaces has been established and is updated as necessary. The Town of North Hempstead is to provide a confined space training program for all confined space entrants, attendants and entry supervisors, which enables those employees to recognize potential hazards and take the appropriate actions to control them. Training is also provided to all employees that do not enter confined spaces to make them aware of where the permit and non-permit spaces are located and that they are prohibited from entering them. This Confined Space Entry Program is reviewed annually and updated as necessary. This review process is performed by the joint labor/management safety and health committee.

Department Heads and Supervisors: are responsible for reviewing the locations within their respective work areas to identify all confined spaces. Each department head must ensure that all their personnel receive the appropriate required confined space training as applies to the work activities they perform.

Employees: All Town of North Hempstead employees must comply with all procedures outlined in this policy as it applies to the work activities they perform. All employees must complete training as required by their supervisor and follow the procedures as outlined in this program when entering a confined space. They should bring to the attention of their supervisor any potential confined spaces or hazards not identified in Appendix A.

Contractors/Vendors: Any work for the Town of North Hempstead, at any of their work places must be conducted in accordance with all applicable OSHA and PESH regulations. All

contractors/vendor whose work involved entry into a confined space must provide copies of their written Confined Space Entry Program that meets the OSHA regulatory requirements, employee training documentation along with the written agreement with their rescue service or training documentation if their employees perform that function. Contractors are responsible to supply all needed equipment to perform safe entry and rescue operations. When a contractor/vendor is required to enter a permit-required space, the **Project Manager** provides a written copy of the known hazards identified in the involved space as part of the job specification package.

7. SPACE EVALUATION, CLASSIFICATION AND RECLASSIFICATION

All Town of North Hempstead permit and non-permit-required confined spaces are identified on the inventory in Appendix A. This list is reviewed and updated whenever there are changes affecting work conditions or when a new confined space is identified. If a new space is identified it is considered a permit-required confined space until proven otherwise. If conditions change in any confined space causing the need for a reclassification, the area supervisor must be notified and **Safety Coordinator** must assess the space. If a permit-required space can be declassified to a confined space due to the elimination of all hazards, a procedure to perform this action will be documented and attached to the end of this inventory. If conditions change and a non-permit-required confined space becomes permit-required, all hazards must be documented and added to the inventory.

8. NON-PERMIT-REQUIRED CONFINED SPACES

Entry into non-permit-required confined spaces is not regulated. Employees are always required to evaluate the potential hazards of all jobs prior to beginning work. If any questions or concerns arise during this pre-job evaluation, the employee should discuss the issue with their supervisor.

9. PREVENTION OF UNAUTHORIZED ENTRY

Unauthorized entry into permit spaces must be prevented. Prevention measures include training, signs, and security measures. As indicated all employees that are not authorized to enter confined spaces are provided confined space awareness training that tells them what confined spaces are, where they are located and that they are prohibited from entering them unless they first receive the necessary training. All signs contain the following wording, "Danger – Confined Space, Do Not Enter, and Entry Allowed Only by Properly Trained Employees or Contractors/Vendors."

10. PERMIT SYSTEM

The permit process guides the entry team through a systematic evaluation of the space to be entered. The permit is used to establish and document appropriate entry conditions. A confined space entry permit must be completed before approval can be given to enter a permit-required confined space. All members of the entry team are entitled to review the permit. The permit shall be posted at the entry point of the permit-required confined space for the duration of the job. Permits are only good for the specified duration of the work to be performed, or an eight hour shift, whichever is less. Once completed the entry supervisor must sign the permit to authorize entry. If the entry supervisor must be relieved of their duties, the permit shall be cancelled and a new permit must be issued by new entry supervisor. All entrants must exit the space and conditions must be reassessed as part of this process. If circumstances cause a change to the work being performed such that a new hazard will be created or an unexpected alarm condition occurs, a new confined space entry permit must be completed. Completed permits are kept for at least **12 months** and will be kept on file by the Safety Coordinator. If a hazard is identified in a space that is not documented on the

inventory in Appendix A the entry for that space will be changed immediately to indicate the new hazard by Safety Coordinator. The entry supervisor shall terminate the permit when the operations are complete or if a condition arises that requires the entrants to evacuate. Any condition will be documented on the permit. A copy of the permit form is provided in Appendix B.

11. DUTIES OF THE ENTRY TEAM

Entry teams are established prior to entry and consist of at least one attendant, one entrant and an entry supervisor, who may also act as the attendant or an entrant.

A. ENTRY SUPERVISOR

The entry supervisor will:

1. Know and understand the hazards that may be faced during entry, including information on the signs or symptoms, and consequences of the exposure.
2. Verify, by checking that the appropriate notations have been made on the permit; that all tests specified by the permit have been conducted; and that all procedures and equipment specified by the permit are in place **before** endorsing the permit and allowing entry to begin.
3. Terminate the entry and cancel the permit when reasons for entering the space have been completed or when an unacceptable condition inside or outside the space is detected.
4. Verify that rescue services are available and that the means of calling the rescue service is operable prior to and throughout the entry. The entry supervisor will ensure that the attendant knows the method for summoning help if rescue is required.
5. Enforce this policy to ensure safe entry into any space identified as a permit-required confined space.
6. Determine that throughout the entry process, all responsibilities and functions remain consistent with safety, regardless of production requirements, time or cost.
7. Have the authority to stop work if they feel that the entry is unsafe for any reason.
8. Be trained to the proper level of responsibility.

If an entry supervisor must be relieved at any point during the entry, the permit must be cancelled by said entry supervisor. All entrants must evacuate the space and the new entry supervisor must assess the space and conditions with the entry team and issue a new permit.

B. ENTRANT

All entrants will know the following:

1. That rescue services are available and that the means of calling the rescue service is operable.
2. Hazards that may be faced during entry, including information on the mode, signs, or symptoms, and consequences of the exposure.
3. Proper use of equipment.
4. Means and methods of communication with the attendant.
5. Warning signs or symptoms of exposure to a dangerous situation, or the entrant detects a condition that would warrant immediate evacuation.

6. Self-rescue must occur by order of the attendant or entry supervisor, or when they detect signs or symptoms of exposure, or when any prohibited condition is recognized.

All entrants must be qualified to perform for the task to be completed in the confined space (electrical, welding etc.).

C. ATTENDANT

All attendants will:

1. Know the hazards that may be faced during entry or while in the space, including information on the mode, signs or symptoms, and consequences of the exposure to suspected hazards.
2. Be aware of possible behavioral effects of hazard exposure in authorized entrants.
3. Continuously maintain an accurate count of authorized entrants in the permit space and ensure that the means used to identify authorized entrants is precise at all times.
4. Remain right outside the permit space during entry operations until relieved by another authorized attendant(s).
5. Communicate with authorized entrants as necessary to monitor entrant status and to alert entrants of the need to evacuate the space when conditions warrant an immediate evacuation.
6. Monitor activities inside and outside the space to determine if it is safe for entrants to remain in the space and orders the authorized entrants to evacuate the space immediately under any of the following conditions:
 - a. If the attendant detects a hazardous condition.
 - b. If the attendant detects a change in the behavior of any authorized entrant which would suggest an exposure to a hazard.
 - c. If the attendant detects a situation outside the space that could endanger the authorized entrants.
 - d. If the attendant cannot effectively and safely perform all the duties required as outlined in this program.
7. Summon rescue and other emergency services if the attendant determines that authorized entrants may need assistance to escape from the space.
8. Do the following when unauthorized person(s) approach or attempt to enter the space while entry is underway:
 - a. Warn the unauthorized person(s) that they must stay away from the permit space.
 - b. Advise the unauthorized persons they must exit immediately if they have entered the permit space.
 - c. Inform the authorized entrants and the entry supervisor, if an unauthorized person has entered the permit space.
9. Perform non-entry rescue (rescue attempts that do not cause the attendant to break the plane of the entrance to the space).

12. PERMIT-REQUIRED CONFINED SPACE ENTRY

A. PREPARATION FOR ENTRY

1. At least one entry supervisor, attendant and entrant are assigned. All personnel involved with the entry and their authorized representatives, can observe all aspects of this process.
2. The entry supervisor will brief the entrant(s) and attendant(s) on all aspects of the job.
3. At any time, the entry supervisor, the entrant(s) and/or the attendant(s) can either postpone or stop the entry due to a safety concern.
4. The entry team will be provided and will wear all appropriate personal protective equipment based upon the hazards present.
5. If the space is located on a roadway and will compromise traffic in any way, a temporary traffic control plan will be created and set up in accordance with the rules and regulations of the Manual of Uniform Traffic Control Devices (MUTCD).
6. A new permit will be prepared and previous hazards encountered in the space will be reviewed from the inventory in Appendix A.
7. An air monitor, calibrated according to manufacturer's requirements will be used that is bump tested prior to each use. Battery life will be checked and must be sufficient for the duration of the entry or additional battery packs or monitors must be available. Air monitoring around the space is required prior to opening the space and must be documented on the permit. Continuous air monitoring will be performed throughout the entry and if the air monitor alarms or fails for any reason the space will be evacuated immediately.
8. Any conditions making it unsafe to remove an entrance cover shall be eliminated before the cover is removed.
9. Prior to opening the space, any entrances that will be open must be appropriately blocked to prevent accidental entry.
10. Upon opening the space, the oxygen content, flammable gases and vapors, and potential toxic air contaminants will be monitored and documented on permit using the provided air monitor and be documented for every four feet into space without breaking the plane.
11. If a hazardous atmosphere exists, forced air ventilation is required to eliminate it. If it is determined that the hazardous atmosphere re-accumulates then ventilation is required throughout the duration of the entry.
12. Entrants may not enter the space until acceptable entry conditions are confirmed. If acceptable entry conditions cannot be established and maintained, entry shall not be allowed. Acceptable atmospheric entry conditions are as follows:
 - a. Oxygen content: > 19.5% and < 23.5%
 - b. Flammables: < 10% of the LEL
 - c. All toxic air contaminants must be less than the PESH PEL, ACGIH TLV or NIOSH REL. Hydrogen sulfide must be less than 10 parts per million and carbon monoxide must be less than 35 parts per million.
13. All connecting lines, ducts and pipes connected to chemical, gas and utility sources will be controlled by lockout/tagout, or broken and capped or blanked.
14. Heating devices (e.g. jackets, coils, mantels, etc.) will be rendered safe either through line breaking/blanking or electrical lockout/tagout.
15. All mechanical, hydraulic and electrical hazards (e.g. agitators, machine drives, electrical lines, etc.) will be controlled through lockout/tagout.

16. If water or sewage has collected in the space it shall be pumped out prior to entry if possible. If the source is a continuous flow, a pump will be required to continuously remove water or sewage and be monitored by the attendant and entrants to be sure the pump is working properly throughout the duration of the entry.
17. The space will be rinsed and/or dried if there is a build-up of hazardous or slippery material on the walls of the space.
18. The space will be cooled down to 80 degrees Fahrenheit or less.
19. Safe access to the space will be provided.
20. All electrical equipment used during the entry must be intrinsically safe and hand tools spark resistant if the potential exists for a flammable atmosphere.
21. Adequate lighting will be provided either through low voltage lighting or through 110 Volt plugged into a Ground Fault Circuit Interrupter (GFCI), and it must be intrinsically safe if the potential exists for a flammable atmosphere.
22. Communication methods shall be established prior to entry between the entrant and attendant and will be selected based on the size, location and characteristics of the space. If the communication device uses batteries, there batteries must be sufficient charge to last the duration of the entry.
23. The rescue service shall be notified prior to entry. They must be informed of the time, location and hazards present.
24. All retrieval equipment must be inspected prior to entry. If there is a problem with any piece of equipment a supervisor must be notified, the equipment taken out of service and the entry postponed until it is available.
25. For vertical entries the retrieval system will be set-up at the entry point and will include a tripod or davit arm anchor point, winch with fall protection, and a full body harness. Each authorized entrant shall use a full body harness, with a retrieval line attached at the center of the entrant's back near shoulder level, above the entrant's head, or at another point so they will presents a profile small enough for the successful removal of the entrant.
26. If an entrant must unhook from the retrieval system for safety purposes, no hazardous atmosphere may exist and the rescue team must be on site.
27. If any other items such as tools need to be lowered into a space, a separate winch will be attached to the tripod and used for such purposes.
28. For horizontal entries or spaces where a vertical retrieval system cannot be used, wristlets or anklets may be used in lieu of the full body harness if the employer can demonstrate that the use of a chest or full body harness is infeasible or creates a greater hazard and that the use of wristlets or anklets is the safest and most effective alternative.

B. PERMIT COMPLETION

1. The permit will be completed by the entry supervisor using the form provided in Appendix B.
2. All information requested on the permit will completed by the entry supervisor or NA (not applicable) will be written in.
3. The time of permit issuance must be written in. In no case will a permit remain valid for more than 8 hours. If the job runs past 8 hours, a new permit will be issued.
4. Expired permits will be returned to the Safety Coordinator.

C. ENTRY

1. All required equipment for entry including: communication, lighting, access, safety and rescue as well as the tools needed to accomplish the job will be available at the entrance.
2. Continuous space atmosphere monitoring will be performed by the attendant or by the entrant and will be documented on the permit every 10-15 minutes. Any alarm conditions must be documented on the permit.
3. The attendant will stay in the immediate area of the entrance to the space and will stay in contact with the entrant(s).
4. The entry supervisor will formally approve the entry to begin by signing the permit form. At any time during the job the entry supervisor, entrant(s) or the attendant can cancel the permit and cause the entry to be either postponed or stopped due to safety concerns.
5. The attendant will immediately communicate any condition to the entrant(s) that could affect the safety of the entry and will order the immediate evacuation of the entrant(s).

D. ENTRY COMPLETION

1. The entry permit will be closed out by listing the time of space exit and any other pertinent information by the entry supervisor.
2. The rescue service will be notified that the entry is complete.
3. The entry closure will be replaced.
4. Blanked and capped piping, tubing, ducts etc. will be re-attached.
5. Disconnected hydraulic, mechanical and/or electrical equipment will be reattached.
6. Any equipment that is under lockout/tagout will be released.
7. Operating personnel for the space will be notified that it can be returned to production (if applicable).
8. All safety and entry equipment will be cleaned, inspected and returned to storage locations.
9. The cancelled permit will be returned to the Safety Coordinator by the entry supervisor.

E. ALTERNATE ENTRY PROCEDURES

Under certain circumstances alternate entry procedures can be used in place of full permit entry process. Alternate entry procedures are allowed for permit spaces that **only** have an actual or potential atmospheric hazard and **no other** serious hazards. To use these alternate procedures, the Town of North Hempstead has established data document that the only potential hazard for a particular permit-required confined space is atmospheric and that continuous forced air ventilation alone can maintain a safe atmosphere throughout the entry. This documentation is provided in Appendix A as an added document to the inventory that references which permit-required confined space it applies to and the working conditions under which it can be used. Workers still must be trained to perform confined space entry, an attendant must be provided to monitor the entry and continuous air monitoring ventilation must be provided.

Conditions for Use

An employer may use alternate procedures for entering a permit space only if all the following conditions exist:

1. Ventilation alone will maintain safe entry conditions.
2. Continuous air monitoring and attendant is present to ensure that conditions are safe.
3. If initial entry must be made in order to perform this inspection, it must be done under full permit procedures.
4. The only hazard in the permit-required confined space is an actual or potential hazardous atmosphere.
5. Certification with the date, location of the space and signature of a qualified entry supervisor must be made available to entry personnel.

13. EQUIPMENT MAINTENANCE

- A. All confined space equipment shall be maintained according to the manufacturer's requirements.
- B. All equipment shall be inspected prior to and at the end of each use. Any equipment that does not pass inspection shall be taken out of service and the Safety Coordinator shall be notified to have it repaired.
- C. The equipment checklist found in Appendix C shall be used for each entry.
- D. It is the responsibility of the Safety Coordinator to ensure that all equipment is properly maintained and stored between uses.

14. RESCUE SERVICE

The Town of North Hempstead has made arrangements with **Port Washington Fire Department** to provide permit-required confined space entry rescue service. This service's ability to respond to a rescue summons in a timely manner, considering the hazard(s) identified has been evaluated and an agreement of services has been completed as provided in Appendix D. The designated rescue service has been provided a copy of the confined space inventory from Appendix A and a copy of all applicable MSDS for the chemical products in each space.

The rescue service will be contacted by **Telephone** and can be reached at **516-742-3300** to arrange a permit-required confined space entry.

Upon arrival the rescue team will be furnished with the permit and informed of any hazards present.

Regardless of the number of permit-required confined space entries made, the **Port Washington Fire Department** will be contacted at least annually to review the following information:

1. Inventory of permit-required confined spaces.
2. The hazards of the spaces.
3. Procedures for entry.
4. Equipment available on site.
5. Training programs.

They will also be provided with the opportunity to practice making rescues from representative permit-required confined spaces at least annually or more often if requested.

15. CONTRACTORS/VENDORS

Any work for the Town of North Hempstead at any of their work sites must be conducted in accordance with all applicable regulations. Contractors must have a written confined space entry program that complies with all applicable OSHA and PESH regulations. All contractors/vendors must provide copies of their written program and employee training documentation along with their rescue agreement to the Safety Coordinator. Contractors are also responsible to supply all needed equipment to perform safe entry and/or rescue. When a contractor is required to enter or work in a permit-required confined space, the Safety Coordinator will furnish a written copy of the known hazards identified in that space to the contractor as given in Appendix A and apprise the contractor of any precautions or procedures that have been implemented for the protection of employees working near that space and coordinate any operations between the contractor and the Town of North Hempstead. All contractor confined space entry programs will be submitted to the Safety Coordinator to review and approve the contractor's written plan and rescue service. At the conclusion of the entry, Safety Coordinator will debrief the contractor regarding the permit-required confined space entry and determine if any new hazards that were confronted or created in the space.

16. TRAINING

Training will be provided for all personnel who are attendants, entrants or entry supervisors as follows:

- Before the employee is assigned duties relating to permit-required confined space entry;
- Before the employee's assigned duties change;
- Whenever there is a change in operations that presents a hazard for which the employee(s) has not been trained previously;
- Whenever there is an indication that the permit-required confined space entry procedures are not being followed safely and/or when there are indications that employee practices or knowledge do not meet the requirements.

Training shall establish proficiency in the duties required by the standard through a series of skill demonstrations by the trainees and completion of a practice permit-required confined space entry into a non-permit-required confined space. All training will be certified in writing with the employee's name and the date of training in addition to an outline of material presented. The outline for this training is provided in Appendix E.

Annual refresher training shall be provided to all affected employees and will include a non-entry rescue practice drill.

All employees that work near confined spaces and are not allowed to enter, will be given a confined space awareness training that will inform them where the confined spaces in their work area are located, the warning signs posted at the entry to the spaces, the potential hazards inside the spaces and the prohibition of their entrance into the spaces for any reason.

Training records will be kept and maintained by the Commissioner of Human Resources and the Safety Coordinator. All training records are kept for an employee's duration of employment

Supervisor Bosworth offered the following resolution and moved its adoption, which resolution was declared adopted after a poll of the members of this Board:

RESOLUTION NO. 235 - 2019

A RESOLUTION AUTHORIZING CERTAIN SUPERVISORY ARRANGEMENTS CONCERNING PERSONNEL OF THE DEPARTMENT OF PARKS AND RECREATION IN ACCORDANCE WITH CHAPTER 16B OF THE TOWN CODE.

WHEREAS, the Town has previously adopted Chapter 16B of the Town Code of the Town of North Hempstead entitled “Anti-Nepotism” (the “Anti-Nepotism Law”), which, among other things, prohibits Town officers and employees from supervising relatives employed by the Town; and

WHEREAS, the Anti-Nepotism Law allows officers and employees to supervise a relative with the approval of the Town Board; and

WHEREAS, the Commissioner of Parks and Recreation (the “Commissioner”) has requested that this Board authorize the following persons to work at the same locations as their relatives, even though their working at the same location may create an indirect supervisory relationship:

<u>Name</u>	<u>Title</u>	<u>Location</u>

Brandvold, Connor	Lifeguard Trainee	Manorhaven
Moss, Olivia	Lifeguard 1	Manorhaven
Moss, Eric	Lifeguard Trainee	Manorhaven

WHEREAS, the Commissioner has represented to this Board that allowing these indirect supervisory arrangements to exist is essential to the successful operation of the Town’s parks and pools for the summer season and that any indirect supervision will be minor and will not involve the formation or execution of policy at the Town’s parks and pools; and

WHEREAS, the Town Board finds it in the best interests of the Town to authorize the above persons to work at the same locations as their relatives as described above, in accordance with the authority given to it under the Anti-Nepotism Law.

NOW, THEREFORE, BE IT

RESOLVED that the indirect supervisory arrangements described in this resolution be and hereby are authorized; and be it further

RESOLVED that the Town Board’s authorization as described in this Resolution shall expire September 15, 2019.
